Program Descriptions

Baby Move & Groove (0 to 12 months) - This program provides an opportunity for parents, caregivers, and their babies to engage in active play that supports the development of gross motor skills while having fun. Through a variety of activities together we will stretch, bend, and move to music to support healthy living while celebrating developmental milestones.

Family Stay & Play (0 to 6 years) - Parents, caregivers, and children are welcome to engage in various fun early learning experiences that build positive relationships. A selection of materials will be available for you to play and learn together while allowing parents and caregivers to connect with others.

Little Artists (2 to 6 years) - Welcome to Little Artists! This program inspires the adult to nurture creative kids through easy, open-ended and fun activities. It's the kind of activity that children will want to do over and over again.

Loose Parts Play (2 to 6 years) - Loose Parts Play uses materials from around the house! Children are invited to explore everyday objects in imaginative ways. Introducing loose parts play provides endless opportunities to develop early literacy, math, and problem-solving skills.

Musical Babies (0 to 12 months) - This program welcomes parents, caregivers, and babies to experience music together. Families will gather and sing songs, learn rhymes, and use a variety of musical instruments, props, and materials.

Playful Math (2 to 6 years) - Math is everywhere in our environment! We will use a variety of songs, rhymes, and activities to discover how math can be part of everyday play.

Preschool Play & Learn (2 to 6 years) - Parents, caregivers and preschoolers are invited to a supportive environment that provides opportunities to discover and engage in social and interactive play to enhance every area of early learning and development.

Toddler Time (10 to 30 months) - Parents, caregivers, and toddlers are welcome to play together and discover the world through their senses. The nurturing environment enhances learning experiences that support healthy child development.

Zumbini (0 to 6 years) - Zumbini is a movement-based program that provides the opportunity for children to experience the sounds and rhythm of the music and movement. Zumbini also encourages parent-child bonding while helping to develop cognitive abilities, motor and social skills, language, and emotional well-being. It is also a fun workout for parents!

Outdoor Programs

Learning Through Nature (2 – 6 years) - Learning Through Nature is a program that focuses on the splendour and beauty of nature that is all around us. This program aims to promote young children's learning through an awareness and love of nature. We're bringing nature inside, but let's think outside - no box required!

Nature and Me (0 to 6 years) - This program welcomes parents, caregivers, and children outside to explore what nature has to offer. We invite families to discover, appreciate, and respect nature by discovering sights, sounds, smells, and touches along the way. There may be an opportunity to see animals and wildlife in their natural environment.
