## Program Description

**Family Stay & Play** (0 to 6 years) - Parents, caregivers, and children are welcome to engage in various fun early learning experiences that build positive relationships. A selection of materials will be available for you to play and learn together while allowing parents and caregivers to connect with others.

**Fun with STEAM** (2 to 6 years) - This program invites parents, caregivers, and children to explore STEAM skills and concepts in a group setting. STEAM (science, technology, engineering, art, and math) learning happens everyday as children investigate, play, communicate, and try new things.

**Infant Massage** (0 to 12 months) - This program promotes nurturing touch and communication and teaches parents how to massage their babies, read the babies' cues, and help with bonding and attachment. Supporting and encouraging parents to trust their abilities and intuition are part of the process. The International Association of Infant Massage (IAIM) instructors are certified to teach this program. **Registration required**

**Journey to Kindergarten** (3 to 4 years) - This program supports families with children about to enter Kindergarten, connecting them to York Region resources, fostering idea exchange and contributing to building a strong foundation for children's learning and positive experiences. **Registration Required**

**Move & Groove** (0 to 6 years) - This program provides an opportunity for parents, caregivers, and their children to engage in active play that supports the development of gross motor skills while having fun. Through a variety of experiences together we will stretch, bend, and move to music to support healthy living.

**Musical Babies** (0 to 12 months) - This program welcomes parents, caregivers, and babies to experience music together. Families will gather and sing songs, learn rhymes, and use a variety of musical instruments, props, and materials.

**Parent-Child Mother Goose** (0 to 12 months) - his program is a group experience for parents and their babies and young children focusing on the pleasure and power of using rhymes, songs and stories together. Parents gain skills and confidence which can enable them to create positive family patterns during their children's crucial early years. Children benefit from enjoyable, healthy early experiences with language and communication.

**Toddler Time** (10 to 30 months) - Parents, caregivers and toddlers are welcome to play together and discover the world through their senses. The nurturing environment enhances learning experiences that support healthy child development.

**Zumbini** (0 to 6 years) - Zumbini is a movement-based program which provides the opportunity for children to experience the sounds and rhythm of the music and movement. Zumbini also encourages parent-child bonding while helping to develop cognitive abilities, motor and social skills, language, and emotional well-being. It is also a fun workout for parents!
